Surprise Snow Makes Driving Treacherous

A heavy, wet snow, with some flakes that looked inches wide, surprised the area Monday afternoon and after staying around for

from 10 a.m. to noon and a representative of the Joliet Social Security office will be on hand to explain the various aspects of the program.

The hospitalization feature of the program is automatic. But to get insurance covering doctor bills is voluntary and those 65 years of age or more have

until March 31 to sign up for this. It will cost them \$3 a month—at least that is the fee agreed upon now. This would be deducted from their social security checks or if they are not on pension when the program becomes effective July 1, they will make some other arrangement to pay.

Anyone with questions about the medicare program is invited to come to the meeting tomorrow and ask them.

New Lenox Youth Killed In Action In Viet Nam

PFC Thomas E. Hartung, 129 E. Haven, New Lenox, was killed in action in Viet Nam last Thursday, Feb. 24. He would have been 20 years old March 12.

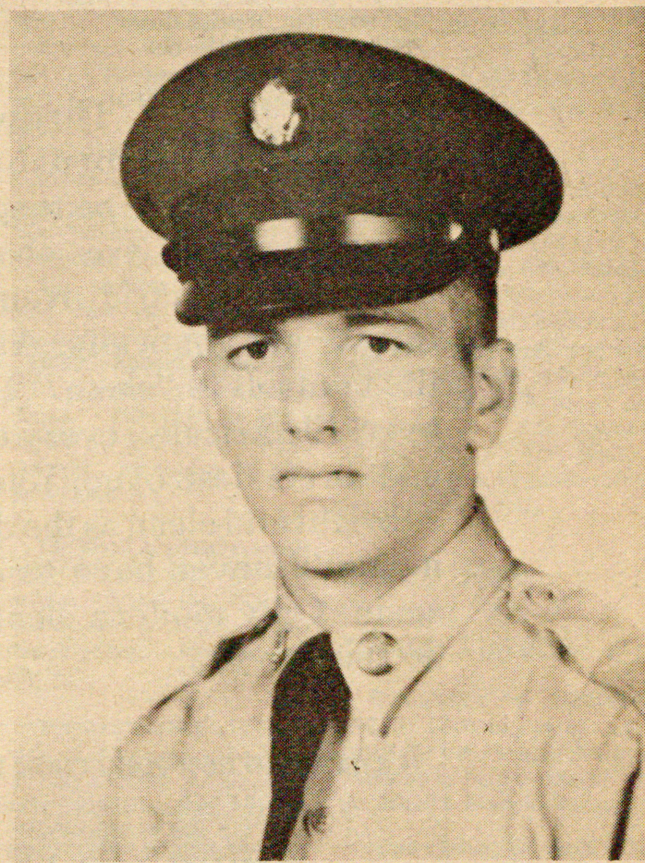

His parents, Joseph E. and May Hartung, received a telegram from the war department Monday morning, stating that their son had been caught by hostile small arms fire. He was struck in the head and instantly killed.

Later on Monday, when the regular mail arrived, the parents received a letter from their son, written from the field and dated Feb. 22. He was in a happy frame of mind when the letter was written.

PFC Hartung was in the 4th Cavalry and served as a gunner on a personnel carrier. Their job was to take men and supplies to front line positions. PFC Hartung had made many such missions. He was on one on Washington's Birthday when he wrote his last letter home. Before he had always come thru but last Thursday the Viet Cong fire caught him.

He had been serving in the Army since his enlistment, Aug. 19, 1963, and had spent 13 months in Korea. He was home on leave in December and sailed for Viet Nam on Christmas Day.

The young soldier was born at Chicago but had spent his boyhood and early manhood at New Lenox. He was graduated from St. Jude Parochial School which he at-

tended the full eight years. He also was graduated from Lincoln - Way high school. Before enlisting he had been employed at Braun Sales, of which his father is co-owner, at New Lenox and for Gordon Pontiac at Joliet.

The body of PFC Hartung is to be flown back to the United States but the time of arrival is not fixed. It could be today or it could be this weekend, according to

an Army spokesman who came to the home of the parents Tuesday.

Funeral arrangements are incomplete. Whether the body will be brought to New Lenox or whether it will be taken to Arlington National Cemetery at Washington is a matter that the parents will decide. Late Tuesday afternoon no decision had been reached.

the world's only self-cleaning ovens are electric

Don't touch this
dirty oven. It cleans itself
electrically.

Throw away your
brushes, scouring
pads, special cleaners.

Oven cleaners are obsolete. Today, many new electric ovens clean themselves—automatically. All you do is set the controls to "clean." The oven takes over. Electrically, every trace of grease and dirt is destroyed. Your oven will be as bright and clean as the day you bought it. You'll never have to clean an oven again. Only modern electric ovens can do this for you.

It's easier to be a good cook with electricity

SURFACE COOKING: Exact temperature settings provide precise and constant heat control. Larger heating surfaces allow cooking at lower temperatures, require much less water. Result: More vitamins, flavor, color and texture. You can even prepare a delicate sauce without a double boiler. **OVEN COOKING:** Faster, because less preheating is needed. More moisture is retained, because only electric ovens are insulated on all 6 sides; meats are juicier, cakes richer. **COOLER:** Electricity cooks the food, not the cook. **CLEANER:** Self-cleaning units; flameless heat can't scorch utensils or soil kitchen walls. **SAFE:** No flame. **ECONOMICAL:** Far less food shrinkage; far lower cleaning expenses; no pilot light cost. Knights Finish Third In SWSBasketballStandings

The Knights of Lincoln-Way clinches sole possession of third place last week by routing out a tough Bremen team 79 to 66. Homewood-Flossmoor tripped Oak Lawn 62 to 59 to give them the conference crown with Oak Lawn finishing second.

Bill Stanfill, who looked nothing less than spectacular, spearheaded the Knights to victory, parting the nets with 24 points; Mike Seitzinger, a contender for the all-conference team, bucketed 23 points.

The Bremen hall club jumped out to an early lead

sparked by guard, Wayne Mercier, who lead his team with 22 points. The Knights were able to close the gap in the latter part of the period and move ahead 19 to 13.

The second period could be placed in the title of "hit and run". Both teams shone offensively with the Knights connecting for 27 points and the Braves 23; the half ending 46 to 36 with the Knights in control. But the big question was whether the Knights could maintain their lead. The same situation existed the last time the Knights played Bremen

and they lost the game in the stretch.

But the third and fourth periods were kept under the watchful eye of Coach A. L. Willis who was going to make sure that "disaster doesn't strike twice."

The Knights continued

their steady pace outscoring the Braves 19 to 17 in the third period and 14 to 13 in the fourth period for a 79 to 66 victory.

The Knights shot 54% from the floor and 80% from the charity line compared to Bremen 40% and 50%, but the Braves excelled over the boards snagging 21 rebounds to the Knights 14.

The Sophomores Knights pulled off a big upset against Bremen 58 to 54. Randy Davies sparked the Knights with 23 points.

Four Seek Three Places On Board

Four candidates have filed nominating petitions for the Mokena Grade School Board of Education, three of them for the two 3-year terms that expire this spring, and one for an unexpired term that has two years to run.

The petitions were filed Feb. 23, the first date for filing. The final day for filing will be Friday, March 18 because the school office is not open on Saturdays.

Names of the candidates will appear on the ballot in the order in which they filed.

William F. Mutsch, Arbury Hills, a candidate for a 3-year term, was the first to file. Second was William "Bill" Cady, Marley rd., and the third on the list for a full term is Fremont Warning, 19929 S. Mokena st., a candidate for re-election.

Willard Barenz, 15 Division st., filed for the unexpired term. He was appointed to the board some weeks ago following the resignation of Ray Toppen. The appointment holds until April. There is still two years remaining in the term and it will be filled at the regular school election April 9.

Barenz is a native of Mokena. They have two daughters, Janice, who is in the third grade, and Janine, a pupil in the first grade.

For the past nine years Barenz has been employed at the Polk Street Office as chief accountant of Capital Expenditures. He is a member of the Methodist Men's Club and the Monday Night Men's Bowling League. Mrs. Barenz is teacher in the second grade at St. Mary Parochial school, Mokena.

Mutsch, who has been a resident of Arbury Hills for the past eight years, is a long time resident of the area. He spent his boyhood in Orland township but attended high school at Mokena

when the two-year institution was operated there. He finished up at Orland Park due to the fact that it kept adding years to the courses offered. He is a sales representative for Johns-Manville Corp., a member of the Immanuel Lutheran church and the Mokena Lions club. He and his family, his wife Hazel, a daughter Karen, now a student at Joliet Junior College, a daughter and son, Martha and Roy, attending Lincoln-Way High school and Steven, 4, live at 18700 Rose dr.

Cady purchased the Bert Spliss farm on Marley rd., eight years ago and he and his wife, Carol, have lived there since. They have three children, Julie, a pupil at the Happy Hour Kindergarten, Lori and Billy. Mr. Cady has been teaching industrial arts at Homewood-Flossmoor high school since it opened seven years ago. Prior to that he had taught a year at Lincoln-Way high school. He is a member of various teacher organizations, from local to national level. The Cadys are members of St. John's United Church of Christ.

Warning, who is running for re-election, is a native of Mokena and for the past 11 years has served the area as a rural mail carrier, working out of the Mokena post office. He is a member of St. John's United Church of Christ, where last January he was elected to the church board for a 3-year term. He also is a member of the Rural Letter Carriers' Association. He and his wife, Helen, have three children, Pamela, who is in the third grade; Craig, a first grader, and Brad, 2.

Chester Ebert, incumbent whose term expires in April, is not a candidate for re-election.

Ask Zoning Board For Smaller "Backyards"

Two hearings on variations are scheduled by the Mokena zoning board of appeals at 8 p.m. March 23 in the village hall on Front st.

Both hearings involve Front St. property. One was filed by Willy and Gertrude Muehler who plan to erect a new do-it-yourself laundry at 11031 Front St.

The building that houses the present laundry is to be torn down. The new building is planned for the rear of the lot. The zoning ordinance calls for 20-foot "backyards." The Muehlers want to set the building back to the lot line. The property south of that belongs to the

Rock Island Lines.

The other property is owned by Daniel Kurber, at 11110 Front St., site of his proposed new drug store. Kurber operates the Mokena Pharmacy at Mokena and Front streets. He is asking that he be allowed to extend the north building line to within five feet of the lot line. Everett Cooper owns the lot immediately north where the new telephone building has been started. A hearing on a variation of the rear building line to place it within three feet of the south property line is scheduled for next Wednesday night, March 9.

Crown Rock Bid On Front St. Is Low

The Mokena Village Board which held a regular meeting last night (March 2) was scheduled to award a contract for the paving of Front St., from Wolf Rd. west to the corporate limits, a distance of approximately 600 feet.

Crown Rock Asphalt Co., Joliet, was low bidder with a figure of \$20,699.60. Half of the cost of the project will be paid by Will county. All of it will come out of motor fuel tax money.

The contract calls for a pavement 35 feet wide, with curb and gutter and asphalt eight inches thick.

Bids were opened last Thursday afternoon at the village hall with Village En-

gineer Ralph Yunker and Trustee Gary Chase present. There were two bids, the other besides the lowest one submitted by Crown Rock-coming from Walsh Oil Co., also of Joliet. That figure was \$21,171.75.

According to Yunker the Crown Rock bid was within \$100 of the estimate of cost for the job.

On March 16 the village board is to open bids on a pumphouse to be built on the site of the new well, and a new pump. Bids also are due then on a chlorinator. The new well is one of the finest in the state, it was reported and if pushed could deliver 3,000 gallons a minute.

NOW FROM THE
FORD MOTOR
COMPANY...

New protection for

Here's proof Ford has changed! If you're in the market for a used car, read our warranty. It tells you how well Fords are built. More important, it protects your investment in a late-model used Ford--'63s, '64s and '65s--for 2 years or 50,000 miles, or up to 5 years from the date the car was built. There is an extra expense for this warranty--\$25.00. But the extra peace of mind will be worth the price many times over.

Ford Motor Company Used Ford Car Power Train Warranty

The power train components of 1963 through 1965 Ford, Mustang, Fairlane, Falcon and Thunderbird cars are warranted by Ford Motor Company against defects in workmanship or material for 5 years from the date of production OR 24 months from the date of sale as a used car OR 50,000 miles, whichever comes first. This warranty becomes effective upon registration of the used vehicle by a participating Ford Dealer with Ford Motor Company. During the time

limits of the warranty, the participating Dealer will, at his regular place of business, replace or repair at a charge to the customer of only the first \$25.00, any of the following power train components that are defective: engine block, head, and all internal engine parts, water pump, intake manifold, transmission case and all internal transmission parts, torque converter (if so equipped), drive-shaft, universal joints, rear axle and differential, and rear wheel bearings.
